Jim was married to his beautiful H.S. sweetheart in 1966. They have three girls and four grandchildren. Jim now has 50 years experience in training retrievers and being involved with the waterfowl hunting industry. His primary education is in engineering and marketing which in many ways has helped with the affairs of running a business and marketing his sponsor's products. Jim feels God has Blessed him with the ability to successfully train retrievers using different techniques, with a non-traditional attitude, that has allowed the reputation of not washing out any retriever. The focus at this point in his career is education by doing seminars and training clinics. In 2010, Jim developed a new activity for the companion retriever and handler called the Companion Retriever Hunting Challenge or C.R.H.C. A DVD project is in progress showing Jim's training techniques and attitude for the everyday retriever owner. A book containing many articles giving tips on correcting many issues preparing and handling the retriever during an actual hunt is also scheduled to be finished by late 2012.

I have attended several dog training seminars conducted by Jim Beverly over the past 6 years.

They are always informative and I have never failed to come away from them without picking up some new tidbit of information.

The very best of these was given to a group of kids and adults at a Ducks Unlimited Greenwing Day. The topic was the various personalities of dogs and was given with several dogs as examples. When it came to my pup, the characterization was spot-on.

Greetings Jim,

Although I have not had the privilege to experience one of your titled seminars or clinics in the past, I was able to make your general seminar in Erie.

I wanted to let you know that I was very impressed by your vast knowledge and very obvious broad experience. The seminar seemed to flow very well and I have a feeling that is because you have so much to say on each topic. For you it is likely very easy to give these presentations as a script isn't needed....it's obvious it's all second nature to you. Your seminar being conducted in a manner that was very professional was only icing on the cake. Thanks for a pleasant experience.

Keep up the good work and I hope to see more of you at upcoming shows.

Thanks,
Darren Brooks

Jim,

I would like to take a moment to let you know how much I appreciate all the help you have provided me with training Gauge. Everything you have told me to date has been spot on. Furthermore I would also like to tell you that the seminars I have watched have impressed me very much. You interact really well with those that are attending and you definitely have a captive audience during the entire seminar. I also have firsthand experience with your training clinics as I have attended 2 of them to date. These are extremely well run clinics that allow the attendees to go through guided steps in important aspects of training their companion retriever. Thank you, Jim.
